such as new technologies, new markets, and cultural and political changes, the book enables students to understand the wider implications of globalization and apply this to their study and comprehension of contemporary business and management. Each chapter: - opens with a short and current case which introduces the key concepts covered in that chapter - provides an overview of chapter objectives to allow the student to navigate easily - illustrates the chapter concepts with useful boxed examples - concludes with a review of the key chapter concepts learnt - provides a series of review and discussion questions - offers 'Global Enterprise Project' assignments for applying course concepts to the same company - gives up-to-date references from many sources to direct student's further reading. Students can access the companion website which includes additional material in support of each chapter of the book by clicking on the 'companion website' logo above.

An engaging, relevant text, *Working in Teams* explores the major concepts related to team success and prepares students to lead and work in and lead collaborative, interdependent environments. Authors Brian A. Griffith, PhD, and Ethan B. Dunham EdM, MBA, teach readers to accomplish specific goals in teams, foster the development of individual members, and transform “high-potential” groups into “high performing” teams. Readers will develop a strong, practical foundation in topics essential to effective teamwork: team design and development, interpersonal dynamics, leadership, communication, decision making, creativity and innovation, diversity, project management, and performance evaluation.

Breastfeeding is a comprehensive reference that provides basic science information as well as practical applications. Dr. Ruth Lawrence—a pioneer in the field of human lactation—covers the uses of certain drugs in lactating women, infectious diseases related to lactation, the latest Australian research on anatomy and physiology, and much more. In print and online. Provide thoughtful guidance to the breastfeeding mother according to her circumstances, problems, and lifestyle from integrated coverage of evidence-based data and practical experience. Make appropriate drug recommendations, including approved medications, over-the-counter medications, and herbal remedies. Access the fully searchable text online at www.expertconsult.com. Treat conditions associated with breastfeeding—such as sore nipples, burning pain, or hives—using extensive evidence-based information. Apply the latest understanding of anatomy and physiology through coverage of recent Australian CT and MR studies of the breast and its function. Stay current on new research on infectious diseases germane to lactation and new antibiotics, antivirals, and immunizations available for use during lactation. Effectively manage the use of medications during lactation thanks to an updated discussion of this difficult subject. The latest research on breastfeeding and evidence-based solutions for treating associated medical problems from the authority in the field, Dr. Ruth Lawrence

Commentary on Genesis is the last work of Martin Luther, written during the last several years of his life. Luther's work follows the first volume of Psalms with critical and devotional remarks on the creation and on sin and the flood.
