Half Moon Investigations. Meet Fletcher Moon. Half-pint schoolboy and fully qualified private investigator. Since graduating online, he has solved all sorts of minor mysteries at school and at home. It was only a matter of time before things got serious. When Fletcher investigates a spate of crimes in the town of Lock, the finger of suspicion is soon pointing in the direction of shady brothers Herod and Red Sharkey.

~~Half Moon Investigations - Eoin Colfer~~

Half Moon Investigations is a surprisingly (and refreshingly) NON fantasy novel from Eion Colfer. I love the Artemis Fowl books and found The Supernaturalist to be interesting (if not great) so it's obvious I would pick this book up right away.

Artemis has committed his entire fortune to a project he believes will save the planet and its inhabitants, both human and fairy. Can it be true? Has goodness taken hold of the world's greatest teenage criminal mastermind? Captain Holly Short is unconvinced, and discovers that Artemis is suffering from Atlantis Complex, a psychosis common among guilt-ridden fairies - not humans - and most likely triggered by Artemis's dabbling with fairy magic. Symptoms include obsessive-compulsive behavior, paranoia, multiple personality disorder and, in extreme cases, embarrassing professions of love to a certain feisty LEPrecon fairy

Eoin Colfer has made millions of fans around the world with his much-loved character, Artemis Fowl, the star of his hugely best-selling series. Now, in a beautifully written novel that is already breaking records in his native Ireland, Colfer introduces readers to a lovable but troubled heroine, who has been given the opportunity for a special kind of redemption. Meg Finn is in trouble-unearthly trouble.

Unwanted by his parents, Cosmo Hill is put to work by the state, testing highly dangerous products.

Cosmo realizes he must get away, and escapes with the help of the Supernaturalists, a group of kids who have the same special abilities as Cosmo--they can see supernatural Parasites, creatures that feed on the life force of humans. The Supernaturalists patrol the city at night, hunting the Parasites in hopes of saving what is left of humanity in Satellite City. But soon they find themselves caught in a web far more complicated than they'd imagined, and they discover a horrifying secret that will force them to question everything they believe in. With stunning art and nonstop thrills, *The Supernaturalist: The Graphic Novel* will delight fans already familiar with the story and dazzle readers discovering it for the first time.

The hilarious debut novel from one of the world's favourite children's authors. Benny Shaw, a young sporting fanatic, is forced to leave his beloved Wexford, home of all his heroes, and move with his family to Tunisia! How will he survive in a place like this? Then he teams up with Omar, and a madcap friendship between the two boys leads to trouble, crazy escapades, a unique way of communicating, and heartbreaking challenges.

In *Screwed*, Colfer adds an entirely new chapter to the adventures and misadventures of Daniel McEvoy, the down-on-his-luck Irish bouncer at a seedy New Jersey bar who, with the help of a motley crew of unlikely characters, solved a bizarre string of murders--including the one of the girl he loved. But people around him continue to die mysteriously, and Daniel is called into action once again. Colfer, beloved by millions for his *Artemis Fowl* series, has written a riveting and relentlessly paced sequel that is sure to garner international praise. With wildly inventive imagination and head-spinning plot twists, *Screwed* is a tour de force that rivals Carl Hiaasen at his very best. Ridley Pearson called *Plugged* "a brilliant, madcap mystery" and "genius at work." With *Screwed*, Colfer delivers that signature brilliance once again.

Ten thousand years ago, humans and fairies fought a great battle for the magical island of Ireland. When it became clear to the fairy families that they could never win, they decided to move their civilization underground and keep themselves hidden from the humans. All the fairy families agreed on this, except the 8th family, the demons. The demons planned to lift their small island out of time until they had regrouped and were ready to wage war on the humans once more. However the time spell went wrong, and the island of Hybras was catapulted into Limbo, where it has remained for ten thousand years.
