their choice of a profession! "CAs are very conservative and live meagre lives like cockroaches, unlike flamboyant MBAs," he had said. And my race with an MBA inspired me to be the best and greatest chartered accountant. Ever. The 3 U-Turns of My Life?

On our journey to our God-ordained destiny, we often get tempted to drift away from our designated paths and then take highways and byways that we were not supposed to take. We then end up lost, hurt, disappointed, moving around in circles and getting further away from our destiny. When you feel lost and far away from your destiny or Creator, check your ways and the paths you have followed. No matter how far you have travelled, make a U-turn, your Creator is waiting expectantly with open arms to welcome you back. He will never question where you come from. He will never judge what you have done. Instead, He will offer you a resting place for your troubled and broken soul. All that He wants is for you to say "God, here are my broken pieces. Please help me to put them together again, for You are the One Who created me and therefore know which piece belongs where, and You also know where other pieces have fallen." No matter where you are No matter what happened to you No matter when it happened No matter how far you have travelled, "Come and let us return to the Lord, for He has torn (that which is evil in and around us) so that He may heal us: He has stricken (the devil that leads us astray) so that He may bind us up." Hosea 6:1

If you're thinking about buying this book, it's probably because it feels like something's missing in your career. Guess what? It could be YOU. Whether you're living for the weekends or counting the minutes until 5 pm every day, life is too short to wish it away because you feel stuck in your job. The good news is that you have the power to stop living on autopilot and turn your career around. "Follow your passion," "find your purpose," and "do what you love" have joined the parade of bland directives that aren't doing much to actually help you figure out what you're meant to do with your career. Instead, they only create more confusion. If all we had to do is "follow our bliss" . . . why aren't we blissful yet? The truth is, the best career is not one where you only do what you love, but one where you honor who you are. In *You Turn*, counterterrorism professional turned career coach Ashley Stahl shares the strategies she's used to help thousands ditch their Monday blues, get clarity on what work lights them up, and devise an action plan to create a career they love. This book gives readers access to Stahl's coveted 11-step roadmap that has guided thousands of coaching clients in 31 countries to self-discovery and success. Throughout her process, you'll:

- Discover your Core Skillset. Uncover your gifts and talents to create an intentional career path that's fulfilling and aligned with who you are—and what you're good at.
- Understand your "Inner Money Blueprint." Discover the root of your money mindset, and how to break free of financial limitation.
- Clarify your Core Interests. Identify the difference between a passion, gift, and calling so you can get clear on what's meant to be a hobby-and what's meant to be a career!
- Become your own coach. Walk away with a unique set of tools for staying true to your best self in times of stress, frustration, or anxiety. Whether you're considering a career pivot, or just curious about what else is possible for you, it's time to make a "you turn"—to get unstuck, discover your true self, and thrive (not just survive) in your career.

When Louisa Deasey receives a message from a French woman called Coralie, who has found a cachet of letters in an attic, written by Louisa's father, neither woman can imagine the events it will set in motion. The letters, dated 1949, detail a passionate affair between Louisa's father, Denison, and Coralie's grandmother, Michelle, in post-war London. They spark Louisa to find out more about her father, who died when she was six. From the seemingly simple question 'Who was Denison Deasey?' follows a trail of discovery that leads Louisa to the libraries of Melbourne and the streets of London, to the cafes and restaurants of Paris and a poet's villa in the south of France. From her father's secret service in World War II to his relationships with some of the most famous bohemian artists in post-war Europe, Louisa unearths a portrait of a fascinating man, both at the epicenter and the mercy of the social and political currents of his time. *A Letter from Paris* is about the stories we tell ourselves, and the secrets the past
