A guide to stock market trading hours. There is a large number of stock exchanges throughout the world, most of which operate throughout the weekdays, although the timetable of trading hours varies greatly depending on each country or region. Stock market trading hours commonly run between Monday morning and Friday afternoon with a break on the weekend, meaning that traders must be able to pay close attention to market trends and predict changes for the following week.

Stock Market Trading Hours Around the World | CMC Markets

A stock trader or equity trader or share trader is a person or company involved in trading equity securities. Stock traders may be an agent, hedger, arbitrageur, speculator, or stockbroker. Such equity trading in large publicly traded companies may be through a stock exchange. Stock shares in smaller public companies may be bought and sold in over-the-counter (OTC) markets.

Stock trader - Wikipedia

The stock market can feel overwhelming. Some people think they are not smart enough or that they need an advanced degree to make money trading. This simply is not true. Anyone can become successful in the market if they discipline themselves to learn what works and to apply those principles under the appropriate conditions.

Free Stock Trading Tutorial - Stock Market Trading with ...

Algorithmic trading is where algorithms set rules for things like when to buy a stock or when to sell a stock. For example, an algorithm could be set to purchase a stock once it drops by eight percent over the course of the day or to sell the stock if it loses 10 percent of its value compared to when it was first purchased.
